INSTRUCTIONS. This form provides wire transfer instructions to Merrill Lynch. Along with your New Account form, this information must be on file at Merrill Lynch before you request us to send a wire transfer of your sale proceeds from your Merrill Lynch account directly to your bank. All information must be printed or typed in English only. We strongly encourage typed instructions. A maximum of 30 characters per line is allowed for your information with the exception of the bank account number, which can hold a maximum of 35 characters. Place one character on each of the lines provided to ensure you are meeting the space requirements. Please do not exceed the space provided.

For further assistance, please call a Merrill Lynch Participant Service Representative at the telephone number designated for your Plan. Be sure to retain a copy of this completed form for your records. You will be asked to verify this information each time you call Merrill Lynch to execute this wire instruction. Your instructions cannot be executed unless you are able to verify your information to Merrill Lynch.

SECTION 1: PARTICIPANT INFORMATION. Complete the information requested. The Participant’s Name should be filled in as your name appears on your Merrill Lynch account. If you exceed more than one line of name information, a wire transfer cannot be processed for the account. Use the Merrill Lynch account number established for you for the Plan.

SECTION 2: RECIPIENT FINANCIAL INSTITUTION INFORMATION. Consult your bank or financial institution to obtain the correct wire transfer information prior to completing this form. If title or name on your bank account is longer than the space provided, complete your entire last (or family) name and use as much of your first (or given) name as possible. You should follow this procedure if you have a joint account, or you can use the initials of the first (or given) names of the account holders. Please ensure this form is completed in its entirety and signed. Failure to do so will result in your instructions being rejected. (Note: Banks in the U.S. and other countries often have varying wire transfer requirements. For example, either the ABA Number or the Swift Routing Code may be applicable according to your bank’s requirements. All foreign wire instruction requires a SWIFT code. The SWIFT code is a routing identifier that contains the receiving bank’s wire address. Swift code consists of 8 or 11 characters as follows: 1 – 4 Bank Name, 5 – 6 Identifies Country, 7 – 8 City, 9 – 11 Bank/Branch Identification Code. The “Additional Information” line should be used for other information required by a bank’s country of origin, such as secondary bank, sort code, etc. Please review your country specific instructions or contact your financial institution for required Additional Information.)

SECTION 3: PARTICIPANT SIGNATURE. Merrill Lynch will accept this form only if the account owner signs it.
